EXPLANATION of SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent of schools as per the following quotation: "*Reports.* Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1958-59 received a salary of \$7,000 which was made up as follows: \$3,500 paid from the per capita tax and \$3,500 prorated among the several school districts. Allowance of \$1,100 for travel within the union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

	<i>Salary</i>	<i>Travel</i>
Campton	\$ 663.25	\$ 208.45
Plymouth	1,289.40	405.24
Rumney	515.20	161.92
Thornton	310.45	97.57
Wentworth	153.30	48.18
Woodstock	543.20	170.72
Dorchester	25.20	7.92
	<hr/>	<hr/>
	\$3,500.00	\$1,100.00

Superintendent's salary for 1958-59 based on the above figure is reconciled as follows: \$3,500 paid by various districts, plus \$3,500 from State per capita tax, equals \$7,000 superintendent's basic salary.

Superintendent of Schools

SUPERINTENDENT'S REPORT

My annual report as your Superintendent of Schools will necessarily be short because as you know the schools that Dorchester pupils attend are not under my jurisdiction. In so far as I can determine from talking with the Superintendent in that area, there are no serious problems involving them.

You doubtless are aware of the fact that the Dorchester school population is at an all-time low and some members of your school district as well as myself have been approached concerning the problems involved in becoming an unorganized school district. It is my opinion that this would be a good step for you to take. Under such a system, the school district would vote to become unorganized. It would then not be necessary to have a school board and the State Department of Education would pay the tuition of, and transportation of, all of your school children. In other words, such a step would eliminate your total school budget which seems to me might be an important item in your economy, and your children would have the same educational opportunities as they do now. I believe it is a question of finances entirely. I can tell you that two towns within my area who have such a system - Ellsworth and Waterville - have always been happy with the arrangements and on any future date that you decide to organize, a vote of the district would take care of this matter.

If you would like more information concerning this, myself or the State Department of Education in Concord would be glad to give you the full details.

Respectfully submitted,

M. WAYNE BOWIE

Superintendent of Schools
